

To the Sudanese Journal of Public Health

Anas Albadawi Babiker
Nazim Haidar

Dear Editors,

Congratulation for this great effort that we were expecting from this group and really all of us here in Ireland were impressed by the level of work.

Well done and keep going with our full support.

Anas Albadawi Babiker

Specialist Registrar in Cardiology

Dear Editors,

Well-done for this hard work. You really make us proud. I wish if I can do any thing for the same cause.

Regards

Nazim Haidar
